- Owners Manual

UNIVERSAL FIT

TRU Shooters are designed specifically for hunting and shooting enthusiasts. The TRU Shooter features an 18 dB passive filter with a "Switch" that is used to open and close the filter. When open, the filter offers 5 dB of noise reduction. When closed, the filter offers 18 dB noise reduction. The TRU Shooter is a great option for shooting at indoor or outdoor gun ranges, wilderness hunting or for any environment where "load impulse noises" (up to 166 dB) may be present.

Variable Protection

FILTERED HEARING PROTECTION

CUSTOM & UNIVERSAL FIT
FULL-FREQUENCY™
Westone’s TRU product line brings together high-performance filter technology with the latest in universal and custom earpieces to provide comfortable, discreet hearing protection options that are ideal for a variety of loud settings. TRU hearing protection has been specifically designed to reduce noise exposure while still maintaining sound quality across the sound frequency spectrum.

CUSTOM FIT

TRU Customs allow you to protect your hearing by selecting your level of attenuation to match your own unique listening preferences. Each custom earpiece is precisely-fitted to your ear canal utilizing 3D digital scanning technology and manufacturing to provide maximum comfort, a discreet size and incredible clarity.

AVAILABLE EARMOLD COLORS:

SOLID (1 color)
- Red
- Blue
- Classic Yellow
- Turquoise
- Purple
- Orange
- Pink
- Green
- Forest Green
- Camo Green

CLEAR
- (clear + 1 color)
- CATEYE
- SWIRLS
- (2-3 colors)

TRU Custom orders should be placed through a local hearing healthcare professional who will take your required ear impressions to complete the order.

UNIVERSAL FIT

RECREATIONAL

Westone’s TRU Recreational earpieces offer a great off-the-shelf hearing protection solution that provides users with a comfortable and well-tuned listening experience for any situation where mid-level noise exposure may be prominent. Replacement earpiece shells without filters can be purchased separately.

AVAILABLE SHELL COLORS:
- PINK
- SMOKE
- BLUE

IDEAL FOR:
- Concerts
- Nightclubs
- Sporting Events
- Air Travel
- Movies
- Performing Musicians

UNIVERSAL FIT

PROFESSIONAL

TRU Professional earpieces offer excellent protection and comfortable long-term use when clarity is a must. TRU Professionals utilize a slightly superior attenuating filter than the TRU Recreational filter. These are the same filters used in our TRU Customs, which makes upgrading to a custom earpiece simple.

AVAILABLE SHELL COLORS:
